Stainless Steel Floorstanding Safety Shower

Product Code: S2300-AS

This stainless steel floor standing safety shower is the most corrosion resistant floor-mounted emergency shower in our range. With a stainless steel shower head, stainless steel piping and stainless steel floor fixing flange this unit is designed for heavy duty use.

The fully stainless steel freestanding safety showers are floor mounted allowing you to install it close to the most hazardous areas of your environment.

Activated by a simple stainless steel pull rod, this stainless steel safety shower will discharge water for the required 15 minutes, as stipulated by the ANSI Z358.1 regulations. A weekly test tag is included for the functional testing; visit our guide to ANSI regulations to learn more.

Related products

We also sell an economy freestanding safety shower with an ABS plastic shower head, which offers excellent value for money without compromising on safety. If the dimensions of your workplace allow, you may also wish to consider our ceiling mounted safety showers and wall-mounted safety showers, which take up less space and are more durable than freestanding designs.
